ACHIEVEMENTS

- Participated in 10+ hackathons, gaining hands-on experience in rapid full-stack development, teamwork, and real-world problem solving.
- Continuous learner actively expanding knowledge in modern web technologies, AI integrations, and responsive UI design.
- Demonstrated strong problem-solving skills and clean coding practices in both collaborative and individual projects.
- Completed certifications in AWS Migration, Generative AI, GitHub Copilot, and multiple programming languages.
- Consistently applies CS fundamentals — OOP, DSA, DBMS — across real-world project implementations.
